Party Fare with Fashion Flair

STYLES FOR MISSES. EACH WITH ITS OWN MATCHING SLIP

A ORIENTAL SPLENDOR. From the exotic Far East comes inspiration for this modern-day Sari Dress. We've fashioned it in gossamer Nylon Sheer printed with gold-like crescents and border design. The empire bodice with a surplice neckline both front and back, is decollete to show-off a king's ransom in jewelry and to flatter the figure. Unpressed pleats fan-out the full skirt — give the illusion of floating sheerness. Beneath it all — a sewn-in opaque Rayon Taffeta Slip in matching color. Conmatic side zipper, 2-in. hem.

Colors: Turquoise or Red. Dry clean.

Misses' Sizes: 10, 12, 14, 16, 18, 20. See Chart 2, Page 49. Shipping weight 1 lb. 3 oz.

DC 4000–*Please state size and color*..... 12.98

B DOTTED DELIGHT. A bewitching "Little Girl" look in Burlington's sheer, flock-dotted Nylon. Bands of Rayon Velvet are beaded through a Rayon braid — then circle the scoop neckline, waistline and tiered, shirred full skirt. And for the surprise element when you turn around, there's a trailing bow in matching velvet streaming from the back scoop neckline. Sewn-in opaque Rayon Taffeta Slip in matching color. Conmatic back zipper. Stitched hemline. Dry clean.

Red or Kelly Green dots — each on white grounds.

Misses' Sizes: 10, 12, 14, 16, 18, 20. See Chart 2, Page 49. Shipping weight 1 lb. 3 oz.

DC 4001–*Please state size and color*..... 12.98

C PORTRAIT PRETTY. A Fashion in sheer Silk Organza that truly creates a lovelier you — steals all the admiring glances at festive parties. The face-framing fichu neckline is deftly shirred to a figure-molding tucked midriff in front and caught with a nosegay of make-believe posies. See how the skirt softly drifts into graceful fullness from gathers at each side front. An added feature: a sewn-in opaque Rayon Taffeta Slip in a matching color eliminates your slip problem. Conmatic side zipper. Stiffened stitched hemline. Dry clean.

Colors: Turquoise or Navy.

Misses' Sizes: 12, 14, 16, 18, 20, 22. See Chart 2, Page 49. Shipping weight 1 lb. 3 oz.

DC 4003–*Please state size and color*..... 12.98

D MOLDED MAGIC. A Frock for either side of 5 P.M. Artfully styled in yarn-dyed, semi-sheer Crystanza–a blend of Acetate and 22% Silk crystal yarns that is so elegant and rustling. Molded empire midriff and dropped waistline define your figure. Bodice is shirred at shoulders, bustline and peeking from deep V-plunge neckline is a fan of pleats. Whirling-wide skirt has a stiffened, stitched hemline. Sewn-in opaque Rayon Taffeta Slip in matching color. Conmatic side zipper placket.

Colors: Frosted Rose, Aqua or Pink. Dry clean.

Misses' Sizes: 10, 12, 14, 16, 18, 20. See Chart 2, Page 49. Shipping weight 1 lb. 3 oz.

CUMMERBUND MIDRIFF EFFECT

B Every little detail on this smart dress looks new. The high mandarin neckline, circled and bowed in black Rayon velvet ribbon; the colorful cluster of flowers. Entire bodice front is tucked to the high-rising, all-around draped midriff. Full, shirred skirt hangs in soft folds. Dress back-zips to below waist. 2-inch taped hem. In a lovely textured Rayon fabric, slubbed for surface interest. Wash by hand.

Colors: Coral, Lime Green, Powder Blue.

Junior Sizes: 7, 9, 11, 13, 15, 17. See Chart 1, Pg. 49. Wt. 1 lb. 5 oz.

THE SLENDER SHEATH LOOK

D Wonderfully becoming, this sleeveless sheath dress with its wide face-framing collar. In Frankly's "Top Banana", a rich textured linen-like Rayon. Matching plastic buttons close bodice to below waist. Has neat rows of tucks at either side of bodice opening. Side slash pockets, set-off with a colorful silk-hanky, emphasize the slim lines. Skirt has back kick pleat, 2-in. taped hem. "Bac-A-Belt" lined self-belt.

Navy, Coral or Aqua. Hand wash.

Junior Sizes: 9, 11, 13, 15, 17. See Chart 1, Pg. 49. Wt. 1 lb. 4 oz.

Consult Scientific Charts for Correct Fit

CHECK THE NEW SIZING SYSTEM BEFORE ORDERING

Under our new sizing system, it may be that you can wear a smaller size than you have been accustomed to buying. Always check your measurements before ordering Fashions. Be sure to read special instructions outlined at right.

Measure each time you order. Your body measurements, not your age determine your size. Follow the detailed Measuring Instructions given below. Determine your figure type by checking with the body type silhouettes shown.

Compare your measurements to the body measurements that are given in the chart for your particular figure type and then select your proper size. These size charts give body measurements, not Wards garment measurements.

If your measurements come between sizes, select the size nearest to your hip and waist measurements. Your bust measurement may vary from the Chart without affecting fit of garment. If in doubt about your size, send us your measurements, also your height without shoes, and we will select proper size.

For Fitted Coats and Suits: Measure your bust, your waist and your hips. For Box and Flare Coats, Toppers: Measure your bust only. If between sizes, please order smaller size. Topper length given with individual descriptions.

For Dresses: Measure your bust, your waist and your hips. The hem on all Wards dresses is two inches unless it is otherwise stated in dress descriptions. The lengths of all Formal dresses are given in the individual descriptions.

For Skirts, Slacks, Shorts, Pedal Pushers and Jeans: Measure waist, hips over type of underclothing to be worn. See Scale on Pg. 95 for Misses' skirts; Scales on Pgs. 71, 74 for slacks, pedal pushers, jeans (lengths given are from top of waistband). Measuring for Blouses on Page 84; for Sweaters, see Page 91.

For Robes: Measure your bust, your waist and hips. Length of each robe is given in individual descriptions. For Jackets: Measure bust only. Select the size nearest your bust measurement. See descriptions for Jacket length.

Measuring Bust — place tape over shoulder blades, fullest part in front. Hold tape snugly.

Measuring Hips — place tape measure over the fullest part of the hips. Hold tape snugly.

Measuring Waist — place tape measure around the natural waistline. Hold tape snugly.

Measuring for Length — let tape follow body from nape of neck to waist; waist to hem.

CHART 1

JUNIOR SIZES—FOR YOUTHFUL FIGURES

The Junior Figure is determined by measurements, not age. The Junior is slimmer and shorter than the Miss, has a higher, smaller bust, a more defined waist. Garments are shorter in length, slightly shorter shoulder to waist than Misses' Sizes.

LARGE SIZES—FOR HEAVIER MATURE FIGURES

The Larger Woman's Figure is heavier through bust, waist, abdomen and hips than the Woman's or Half-size figure and has the proportions of the Half-size figure from shoulder to waistline. However, Larger Size garments are cut fuller through the sleeves and body to give needed roominess, and skirts are cut proportionately longer.

CRISS-CROSS LACE ON NYLON

(A) The feminine look of lace on filmy White — fashioned with all the grace of a bygone era. There's plenty of modern appeal, too, in the unique way the two bands of lace criss-cross over the front, one at the neck, the other a little lower. The lace is lovely Alencon type, for a look of luxury, and it's matched by the cuffs of the three-quarter sleeves. Shining metal mirror-faceted buttons spark the front and cuffs. Blouse is 15 denier Nylon Tricot, wonderfully hand washable and quick-drying. Stitch-tucked pleats cover front of the bodice, contrast effectively with sheer, full sleeves. Back is lined. White only. Ship. wt. 6 oz.

Misses' Bust Sizes: 32, 34, 36, 38 in.

SC 4800–*Please state size*..... 5.98

DAINTY WING COLLAR NYLON

(B) Face-flattering V-neck set off by a dainty Wing collar that's just big enough. The collar and front closing are delicately trimmed with beautiful Val lace. The front is luscious 15 denier Nylon, and it's permanently pleated for a lasting look of fresh loveliness. Lined, too, for that just-right, subtle sheerness. The back is opaque 40-denier Nylon. Mock Pearl buttons grace the front. Wispy short sleeves complete the totally charming effect. You'll wear it to dress up your suits or compliment your party skirts. A delightfully young style that goes anywhere. Hand washable.

Colors: White, Beige or Pink. Ship. wt. 6 oz.

Misses' Bust Sizes: 32, 34, 36, 38 in.

SC 4801–*State size and color*..... 5.98

RUFFLED EFFECT ON NYLON

(C) Here's the newest in Nylon—an improved, dull finish on opaque Nylon which does away with any shiny look. You'll agree it's the sort of all-around Blouse you've been wanting to see — and it's due for lots and lots of wear. The gay Peter Pan collar is edged with sheer, fluted pleating that gives a handsome ruffled effect; is matched with double rows down each side of the bodice. Four rows of stitched tucks emphasize the front pleats, inside the fluted borders. Mock Pearl buttons. Convenient short sleeves. Available in both Misses' and Women's sizes. (Order by bust inch measurement.) Hand wash. Ship. wt. 6 oz. *Please state size, color.*

GAILY EMBROIDERED DACRON

(D) As pretty as a picture — enchantingly embroidered Dacron Pique in a short-sleeved blouse that's perfect for day or date time. This versatile charmer has a winsome appeal that will make you feel your very best-dressed. The graceful embroidery edges the gently scalloped collar, decorates it on both sides, and spreads lavishly over the front of the Blouse. Glittering mirrored buttons line the front closing. It's a Blouse you'll count on as one of the basic parts of your wardrobe. And one of its very nicest features — it's hand washable Dacron that you just hang up to dry. It requires little or no ironing.

Colors: White, Pink. Shipping weight 6 oz.

Misses' Bust Sizes: 32, 34, 36, 38 in.

SC 4803–*Please state size and color*... 2.98

TUCKED, SCALLOPED COTTON

(E) A truly original styling touch that's bound to bring lots of admiring attention — the softly scalloped outline of the collar, repeated in the cut of the cuffs. At the V-neck collar, scalloping is emphasized by a border of neatly-stitched tucks that repeat the design. Especially unique is the button trim, cleverly set at each side of the neckline, to match buttons at the closing. An expertly detailed blouse, beautifully tailored of Cotton Broadcloth with a silk-like feel. It's "Tebilized" for crease-resistance, washfast and pre-shrunk (no more than 3% shrinkage). Ship. wt. 6 oz. Order by bust size. *Please state size and color.*

Colors: White, Black, Pink, Yellow.

BOWED, PLEATED NYLON TRICOT

H Special attention was paid to fashioning this Blouse. That's obvious, from its pert and pretty Doll sleeves to its artful bow of Val lace. Other style features carried out to perfection include — Val lace inserts at the shoulders to match the neck bow tie; and kerchief point at back of collar, for extra interest. Most important of all, the bodice is permanently pleated Nylon Tricot in both front and back, and — for added allure — unusual rows of radial stitching stretch across it. It's made for sheer flattery, through and through — a blouse you'll enjoy wearing and washing. Final note of glamour is the rhinestone studded buttons. *Colors:* White, Pink, Powder Blue. Hand wash.

HOW TO MEASURE INSTRUCTIONS

For your correct shoe size, follow these directions. Sit in a straight chair. Put stocking foot firmly on piece of paper. (See diagram at right.) Then (1) hold a card vertically against the widest inside part of foot. Draw a line. (2) Draw lines at heel, toe and the widest outside part of foot. Do not move foot during the measuring process. Send the finished diagram with your order. Wards trained men will determine your proper size.

Symbols of Quality

It is Wards policy to buy direct from leading manufacturers whose reputation for fine craftsmanship and quality merchandise is well established. Pictured here are the Trade Names or Emblems of just a few of the many hundreds of manufacturers of high repute whose nationally known products are sold by Wards. Most of the items in this book and in Wards retail stores, even though they may not always bear the maker's name or emblem, are made for Wards by these or other equally well-known manufacturers.

FACTS ON GAUGE AND DENIER, LENGTHS, STYLES

FACTS ABOUT DENIER: Thickness of the hosiery yarn governs sheerness. High Denier means thicker, stronger thread. 10 Denier is sheerest of Carol Brent Nylons; 80 Denier is heaviest of styles listed.

FACTS ABOUT GAUGE: Gauge denotes the closeness of stitches. Higher gauge means more and closer stitches to the inch and a half, resulting in a finer, duller, sturdier and more snag-resistant texture.

FACTS ABOUT LENGTH: Wards regular length Nylons are an average length to fit the majority of women. Check Size Scale on Page 156 before ordering. Accurate size means longer, more comfortable wear. Wards Monthly Payment Plan, Inside Back Cover.

FASHION SHEERS. Wards sheerest stockings for special occasions. Offered in 10 and 12 Denier, 66 and 75 Gauge Gossamer sheer. 15 Denier, 474 Needle circular knit are the sheerest Seamless.

DRESS SHEERS. For women who want leg flattery plus service. 15 Denier, 60 Gauge is durable, yet de luxe weight for dress. 15 Denier, 51 Gauge is an ultra sheer—sheerer, more delicate.

DAYTIME SHEER. Serviceable, versatile stocking weights. Offered in 20 and 30 Denier; 45, 51 and 60 Gauge. For daytime wear.

SERVICE WEIGHTS. To cover leg blemishes and give outstanding value; for women who work. Practical 70 and 80 Denier; 51 Gauge.

CAN'T RUN MESH. Each stitch is locked into another for run-resistance. Offered in 15 and 30 Denier; 45, 51 and 60 Gauge.

CRISS-CROSS PANELS FOR FREEDOM

Try it . . . when you put on a Sarong, you'll feel the difference instantly. The diagonal pull of ingenious criss-cross panels keeps your tummy flat without bones, gives you a supple, smooth silhouette. Cut longer over the thighs and hips to create an unbroken dress line. Most important of all, you'll relish the free-and-easy feeling of criss-cross control . . . the wonderful freedom of Sarong, "the girdle that walks and won't ride up".

JOAN BROWNE GUARANTEES PROPER FIT IF YOU MEASURE CAREFULLY

HOW JOAN BROWNE CAN HELP YOU

Joan Browne, Wards expert corsetiere, or one of her trained assistants, is ready to help you select the correctly fitted foundation. Just send all measurements with your order so Joan Browne can send you the correct size. Miss Browne can give this free, confidential advice only on orders accompanied by a complete list of measurements. Please send all information requested to Joan Browne Dept., Montgomery Ward, at your nearest Ward Mail Order House.

GUIDE TO SELECTING CORRECT GARMENT TYPE

Power net or knitted elastic girdles and corselets without bones are designed for light, gentle control. For firm control choose a girdle or corselet with front boning; for firmest control, a boned corset or corselet. Many of these garments have adjustable laces for changing figure needs. A posture aid belt is designed for extra support. The charts below will help you decide correctly. Send your measurements to Joan Browne if you're in doubt about your figure-type.

Measure bust at fullest part —without bra on. Hold tape snugly but not too tightly.

Measure hips at fullest part—place tape over buttocks. Hold tape snugly, not too tightly.

Measure waist at smallest part at natural waistline. Hold tape snugly, not too tightly.

Measure side from waist to place where garment should end. Height does not denote length.

TO MEASURE FOR GIRDLE OR CORSET

1. Measure waist at smallest part. Take measurements over slip only.
2. Measure hips at fullest part, over buttocks. Don't hold tape too tight.
3. Select correct hip size. If in doubt about your size, send all measurements to Joan Browne with your order, she will send your correct size.

If hips measure:	4-7 in. larger than waist	8-10 in. larger than waist	9-11 in. larger than waist	10-12 in. larger than waist
Order garment for:	Small Hip	Average Hip	Average-to-Full Hip	Full Hip

4. Select your most comfortable length—measure at side from waist to place on thigh where garment should end. Correct length will eliminate: thigh bulges; riding up; hose strain; garters opening when you bend.

If length from waist to end of girdle is:	10 to 11 inches	12 to 13 inches	14 to 15 inches	16 to 17 inches
Order length:	Brief	Short	Average	Long

HOW TO MEASURE FOR CORSELET

1. Determine bust development—see How To Measure for Bra below.
2. Your waist measurements should be 5 in. to 6 in. smaller than your bust. If it is smaller or larger, a girdle or corset with a bra is the best for you.
3. Measure hips at fullest part over buttocks. Select correct hip size.

If hips measure:	1-2½ in. larger than bust	3-4½ in. larger than bust	4-6 in. larger than bust	5-7 in. larger than bust
Order corselet for:	Small Hip	Average Hip	Average-to-Full Hip	Full Hip

4. Measure side from waist to place on thigh where garment should end. If you're short from shoulder to waist, select a half-size corselet, Page 200. Correct length eliminates: thigh bulges, riding up, hose strain.

If length from waist to end of corselet is:	12 to 13 inches	14 to 15 inches	16 to 17 inches
Order length:	Short	Average	Long

CHOOSING THE PROPER MATERNITY WEAR

Most physicians recommend wearing a Maternity Foundation at the beginning of the fourth month of pregnancy. For a correct fit, send Joan Browne your present waist measurement and actual month of pregnancy when you send your order. For Bras: Order your present bust size and cup development. (See below.) Maternity foundations and lingerie are on Pages 174 and 175. All these garments are fashioned to give you scientifically designed support before and after your baby is born.

OWN A COMPLETE FOUNDATION WARDROBE

Today's lighter foundations have more elastic to assure greater comfort, better fit, help you achieve a slim, smart figure. Choose the styles best suited to your activities. A corselet gives a long, smooth line, all-over control. A waistline garment with or without bones is controlling and comfortable under suits, tailored dresses. Lightweight styles are ideal for junior figures; for minimum control with sportswear, housedresses. You'll find all foundations wear longer when you alternate wearing them.

SELECTING THE RIGHT BRA—LET THIS BE YOUR GUIDE TO PROPER FIT

Measure fullest part of bust without bra on. If your bust is in between sizes, order next size larger. Example: If your bust measures 35 inches, order bust size 36. Be sure the tape is up in back and on level with fullest part of bust.

The silhouettes below will help you decide your correct bust type. You'll then know which bust cup to order, which bra type will give the outline you desire, plus the proper uplift. Use this guide for bracelettes and corselets, too.

Undeveloped or Very Small Bust in mature or young figures (AA Cup). Emphasize by wearing a padded Bra or slipping bust pads inside special Bra.

Small Development Bust is firm or slightly sagging in young or mature figures. Small Bras (A Cup) will help create a firm, high bust-line for comfortable flattery.

Average Development. Requires av. cup whether bust is firm or slightly pendulous. Average Bras (B Cup) will give a correct fit, high, firm uplift.

Full Development. Only a Bra with full, deep cups will give you needed support. Full Cup Bras (C Cup) will fit well, flatter you and hold bust comfortably.

Extra Full Development (D Cup) has very deep cup for better coverage. Shoulders are usually built-up for secure support and greater comfort.

Pendulous Bust must have a special type of Bra. Tissues are not able to support breasts. Small, Average, Full and Extra Full busts may be pendulous.

Joan Browne's Finest Quality with Coilwire Boning

LONG-WEARING YARN DYED FABRIC . . . "SAY-LA-SET" TO CONTROL SHRINKAGE

WARDS BEST SELLERS . . . Joan Browne styles preferred for comfort and control.
LABORATORY APPROVED . . . first choice for durability and long-lasting support.
PROPORTIONED SIZES . . . to assure satisfactory fit for your own figure type.
FRONT PANELS . . . are skillfully boned for firm, smooth abdominal control.
FINE WORKMANSHIP . . . detailing and styling usually found only at higher prices.
QUALITY ELASTICS . . . and flexible Coilwire boning for firm figure molding.

COILWIRE BONING

"Control plus Comfort"—the key words to Coilwire's popularity. A unique flat coil construction of steel wire, it firms and molds, will not pinch or poke. The secret—its great flexibility. Sit, stoop, it bends with every body motion. Skillfully placed in the back of each of these garments, flexible Coilwire will slim and smooth your silhouette to the new long, lithe line so much in fashion. Both figure flattery and new-found comfort can be yours in a Joan Browne foundation that features the pliancy of Coilwire.

You can double the wear of your foundation by buying two, alternating them in wear. Select the foundation that corresponds to your particular figure needs. Joan Browne foundations are proportioned for correct fit in average or full hips; average, short or long lengths.

PROPORTIONED TO FIT SMALL TO EXTRA FULL BUSTS 2.00 AND 2.50

P R Proportioned to fit five particular figure types, this Cotton Broadcloth Bra is designed to give a firm, rounded silhouette. 4-section bust cups assure a definite mold, with careful seaming to guide and support bust for flattering line. Cups are net-lined, increasing support. Circular stitching around cups retains control through long wear, helps to secure a shapely fit. Straps extend to lower back edge for a double reinforcement that distributes strain and prevents pressure. Elasticized back closing. Postpaid.

Top Quality Cottons Style-new, Color-fresh

CHOOSE COTTON TO LIVE, PLAY AND TRAVEL IN

This is the greatest collection of top-flight designer fashion Cottons that Wards has ever offered! Carefully selected from the best Nationally known Manufacturers—each name means quality and lasting serviceability. Style Cottons have climbed to new heights in distinctive designs and colors. Make casual cottons and separates for Spring and Summer—for warm-weather days of sun, fun and travel.

FULLER'S "DIP 'N DRY" SAILTONE

(A) Fuller's Sailtone is as unique in design as it is in quality. Used by the top designers for fashionable dresses with a casual air, and styled-up for vacation and Summer-play sportswear. They're-on-the-go Cottons—need little or no pressing because of Fuller's crease-resistant "dip 'n dry" finish. Wear them in trains, planes, buses and cars; pack and repack them—they're easy to wash, hard to crush. Each designer print is as individualistic as the style to which you adapt it and it drapes so beautifully. Comes in generous 39-in. width. Preshrunk, max. shrinkage about 2%. Washfast.

PERMANENTLY-PLEATED COTTON SKIRT FABRIC

A Buy it in inches—sew it in minutes! It's so quick and easy—even if you've never sewn before you can make the crisp, fashion-wise skirt (shown at left) of Permanently Pleated Cotton—and at such a low cost. Material for a 26-in. waistline costs only $3.78. It's easy to care for; pleats stay in through repeated launderings, needs little or no ironing. Just suds, rinse and drip dry. Order one inch of Pleated Cotton for each inch in your waist measurement, one extra inch for seam. Cut your fabric from 35-in. width to desired skirt length, with selvage at the bottom. No hemming necessary. Here's how you do it: Measure skirt length. Stitch to hold pleats—cut to your length. Sew side seam, leaving 7-inch opening for hook-and-eye, button or zipper. Sew on waistband and fastener. Follow these simple directions, in no time you'll be wearing a fashion-right skirt that looks dollars more. Fabric for waistband, instructions are included in order. Washfast. Preshrunk, max. shrink. 2%. Av. wt. 1-lb.

SIZE SCALE FOR SUB-TEEN LINGERIE AND NIGHTWEAR ON THESE TWO PAGES

The sub-teen figure is taller than the 7-14 girl, is longer from neck to waist and requires a longer slip and petticoat length. Her bustline is just beginning to develop; she is slimmer through the waist in proportion to her bust. Follow the measuring instructions at right.

Order by Size, not by Age. Measure bust and hips at fullest part, waist at smallest part. For Slips: measure bust, hips, length from top of shoulder to hem. Panties: take waist, hips. Petticoats: take waist; length, waist to hem. For Nightwear, Robes: measure bust, waist and height without shoes.

Order Size:	8S	10S	12S	14S
If Bust is:	28½	30	31½	33 in.
If Waist is:	23½	24½	25½	26½ in.
If Hips are:	30	32	34	36 in.
Slip Length:	38	39	40	41 in.
Petticoat Length:	25½	26	26½	27 in.
Height about:	58½	59½	60½	61½ in.

HOW TO MEASURE SHOE SIZE

If in doubt of correct shoe size follow these easy steps: Sit in a straight-back chair. Place stocking foot firmly on a piece of paper and have someone mark off the following lines:

1. Place piece of cardboard vertically at end of longest toe. Draw line along edge of paper.
2. Place cardboard at end of heel. Be sure that it is again vertical. Draw a second line.
3. Place the cardboard at the widest point along inside of the foot. Draw a third line.
4. Place cardboard at widest point along outside of foot. Draw a final line. Send diagram with order and be guaranteed a proper fit.

Wards Diapers . . . Compare for Quality and Savings

Wards "Baby Shop" begins with this larger-than-ever selection of Diapers, the most essential item on your shop-at-home list. Every Ward Diaper has been carefully Laboratory tested and approved by our Bureau of Standards. Choose from fast-drying Gauze, rip-resistant Birdseye or extra warm Flannelette. Also featured at Wards low prices—time saving Tailored, Prefolded Diapers and Disposable Pads. Bleached snowy-White; sanitary sealed.

SUPREME QUALITY GAUZE 12 FOR 2.95

Wards finest—two layers of soft surgical-type Cotton Gauze—equal to Nationally known brand that sells for $3.75. Light in weight and less bulky, comfy for baby. Very absorbent, they are closer woven, longer wearing than Standard Quality. Take to machine tubbing so easily—fastest drying of all woven Diapers. Neat, selvaged and pinked edges. Ship. wt. 12, 1 lb. 15 oz.

31 C 616—Size abt. 21x40 inches....12 for $2.95; 36 for $8.73

STANDARD QUALITY GAUZE 12 FOR 2.72

At a lower price, yet this quality has similar features of finer Gauze. Two layers of soft surgical-type Cotton Gauze readily absorb moisture. Easily machine washed—will dry in a wink; stays soft. Pinked and selvaged edges. Ship. wt. 1 lb. 10 oz.

31 C 602—Size abt. 20x40 inches.....12 for $2.72; 36 for $8.04

GAY PRINTED GAUZE PKG. OF 3 FOR 98c

Adorable nursery print Diapers (not shown)—equal in quality to Nationally known brand selling at $1.75. Twinkling stars and sweet cherubs on fleecy clouds are printed in Pink and Blue on White. Fast-drying surgical-type Cotton Gauze. Perfect dress-up Diapers for your baby boy or girl. Pinked, selvaged edges.

31 C 626—20x40 in. Wt. pkg. 6 oz. Pkg. of 3, 98c; 2 pkgs. $1.90

SANFORIZED SUPREME BIRDSEYE 12 FOR 3.39

Same quality in Nationally known brand sells for $4.95. Fast becoming the most popular Birdseye Diaper! Super-soft, diamond check weave with more Cotton per sq. inch to give extra long wear and higher absorbency. Rip-resistant; hems are sewn with strong Nylon thread. Sizes before hems. Wt. 12, 1 lb. 14 oz.

31 C 619—Size about 27x27 inches....12 for $3.39; 36 for $10.00

SUPREME BIRDSEYE 27x27 IN. 12 FOR 2.65

For excellent service—second only to Sanforized Diapers for long wear and absorbency. Heavier, long staple Cotton in close diamond-check weave. Sturdy, rip-resistant. Sizes before hems.

31 C 606—27x27 in. Equal in quality to Nationally known brands that sell for $3.50. Ship. wt. 12, 1 lb. 12 oz. 12, $2.65; 36, $7.83

G "GROW-UP" CRIB. Exclusive Ward design introduced for the first time. A bed that grows with your child until he is teen-age. Modern low design makes baby care easier than with conventional crib. No more stooping or lifting, no noisy drop side to awaken baby—lower end section swings open easily. Mother can then sit on mattress to care for child, see (1). Built low for more safety yet sides are just as high as other cribs. Gate can be left open as child becomes more independent, easy for him to get in and out of bed alone. By removing gates and foot end, crib becomes a youth bed, see (2). Later can be used as Hollywood-style youth-size bed by removing all guard rails. Sturdy rattle-proof construction of Hardwoods, Blond Mahogany finish. Metal glides for easy moving. 77-coil adult constructed mattress to give firm comfortable support through years of use. Size: 33x65x35½ in. high.

FACTS TO KNOW BEFORE BUYING A CRIB MATTRESS. Most physicians recommend that a crib mattress have a firm adult-type construction to assure the development of good posture.

Wards Pediatric Crib Mattresses have heavy-gauge Premier spring wire coils firmly secured with strong border rods to prevent edge break down, see fig. 1. The filling is all new White cotton felt with strong woven sisal underpads. Pediatric wetproof covers are of laminated fabric and plastic—resistant to snags and safety pin tears; superior to regular plastics.

Many crib mattresses are made like fig. 2, with a cardboard case over the spring unit to avoid using border wires and more expensive sisal pads. This provides a board-like firmness when the mattress is new but breaks down under rough usage.

DELUXE 3-IN-1 AUTO CRIB . . . 10.95

32 EXCLUSIVELY DESIGNED 3-WAY AUTO CRIB. Developed by Wards for those who want the finest in quality and utility. The sturdy, comfortable Car Seat (J) quickly converts to Car Crib (K) with a minimum of effort. Without disturbing baby, the crib can be carried into the house. Then, by extending the telescoping legs, it becomes a Bassinet (L). During the warm months, attach the nylon netting which is included and baby is protected from insects or curious children. (M) shows the advantage of telescoping legs as car crib. The strong tubular steel frame adds to the beauty of the heavy quilted-effect embossed plastic body of Gray and Gold. Wetproof Tufflex filled mattress and thick protective bumper pad are in smart contrasting Coral pattern. Plastic play beads help keep baby amused on long trips. Size: 30½x15½x7½ in. deep.

HOW TO DETERMINE SHOE SIZE

Properly fitted shoes mean longer wear, greater comfort and healthier feet. Wards guarantee an accurate, comfortable fit. Children's feet grow rapidly, so measure every time you order. Just follow these simple instructions: Sit child in a straight back chair with stocking foot placed firmly on a piece of paper. Do not let the child stand or move until measuring is completed. Mark the distance from back of heel to longest toe. Check distance between those marks with a ruler. If foot measures up to 5⅞ in. use Toddler's Scale on facing page. If foot measures 6 to 8⅞ in. use Children's Scale on Page 320. If measurement falls between two sizes order the largest size. Wards shoes are sized like nationally advertised shoes, so order with confidence.

Width Explanation: Width B-medium narrow; Width C-medium; Width D-medium wide; Width E-wide. For Convenient Credit Terms turn to Inside Back Cover. It's easy to shop at Wards. You may open an account with an order of $20.00 or more.

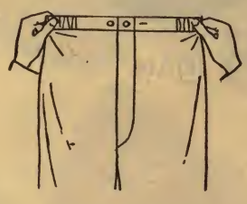
Brent Nightwear for Supreme Sleeping Comfort

ACTUAL COMPARISONS PROVE THAT BRENT PAJAMAS ARE CUT FULLER THAN OTHER NATIONALLY ADVERTISED BRANDS SELLING FOR 1.00 MORE

FULL CUT SHOULDERS

Full cut shoulders and armholes give you more extra room and freedom of movement than pajamas that cost much more.

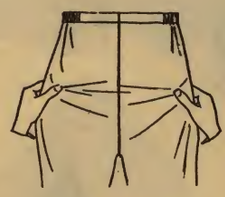


ADJUSTABLE WAIST

Two button adjustable waistband with Elastic inserts. This Brent feature gives you a snug, comfortable fit even after repeated launderings.

HIGH RISE WAIST

High Rise Waist eliminates binding. Brents are cut larger and fuller from crotch to waist—than more costly pajamas.



FULL CUT SEAT

The Seats are cut fuller to assure roomy comfort and ease of movement in any position—even for the most restless sleeper.

SHAPE RETAINING

All Brent pajamas are Washable. They will not shrink out of fit or shape. Colors will stay bright after many launderings.

Well-dressed Men Choose these Smart Casuals

THEY HAVE MUCH MORE STYLE, MUCH MORE COLOR AND MUCH MORE COMFORT

For Spring and Summer Wear . . . here are the shoes that are going places this year. And you'll be seeing them wherever well-dressed men get together. The selection on these two pages is one of the biggest anywhere, and Wards best ever. Now, whatever the occasion — a day at the office, a weekend outing, a leisure hour at home or the club — you'll find the right style here to compliment every item in your warm-weather wardrobe. Further details below.

PRICED RIGHT. Wards warm-weather styles are all Herald Squares, which means that they are thriftily-priced to give you the most for your money. Styles like you see here ordinarily cost you much more.

STYLED RIGHT. You'll find a shoe here to fit every warm-weather occasion. Here, too, are the colors, designs and added style touches that smart men all over the country are choosing this year.

BUILT RIGHT. These are all made of rich, supple leather. Proper lasts assure satisfying fit. Leather insoles (in all but Camp Mocs) provide smooth foot foundation. Flexible construction gives long wear.

Specially-insoled for Utmost Wear, Comfort

INSOLES RESIST PERSPIRATION. WILL NOT CURL, CRACK OR HARDEN

THESE IMPORTANT FEATURES MAKE WARDS WORK SHOES OUTSTANDING VALUES ACROSS THE NATION

PERSPIRATION-RESISTANT INSOLE. Keeps soft and smooth. Permits resoling long after ordinary insoles are unfit for further use. Guarantees the very maximum in extra long wear and comfort.

STEEL SHANKS. Extra-wide and rust-proof, for a springy foundation that carries you firmly through the entire life of the shoe.

PERMA-COUNTER. Supports the back and heel of shoe. Guaranteed crush-proof. Absolutely won't break down, yet will flex with every foot movement to avoid chafing and blisters.

LOCK-STITCHING. By Singer. Used throughout shoe. Every stitch is locked, so that seams just can't ever run, rip or pull out.

GOODYEAR WELT CONSTRUCTION. Very finest used in shoe manufacturing. Totally nail-free and flexible, for your comfort. Shape-retaining and extra-sturdy, for long wear.

DURABLE, LONG-WEARING WORK SOLES

NEOPRENE. Wards finest work sole. Gives miles of extra wear. Resists tear-down from heat, grease, gasoline, acids. Ideal for men who work in garages, mills, factories, etc.

CORD-ON-END. For utmost in skid-resistance. Thousands of tiny cord ends, molded into sole, grip the ground for non-skid action, long wear. Ideal for men who need sure footing.

LEATHER. Topgrade Oak Bend, the finest. Makes a lightweight, flexible sole that is tops for working comfort.

CLEATED RUBBER. An all-around sole that is flexible, durable, and gives ground-gripping service at all times.

YOUR CHOICE OF BEST WORK LEATHERS

DOUBLE-TANNED GRAIN LEATHER. Most durable leather. Actually tanned twice to resist soil and barnyard acids. It's the best for farm, construction and all heavy outdoor jobs.

ELK-TANNED GRAIN LEATHER. Light, flexible, most comfortable used in work shoes. Best for indoor, light outdoor work.

OIL-TANNED GRAIN LEATHER. Sheds moisture to help keep feet dry. Ideal where jobs are slightly damp. For leather footwear that's completely waterproof, turn to Page 382.

HORSEHIDE. Toughest of all leathers. Won't scuff, scratch. Dries out soft and pliant, even after repeated wettings.

LOOK FOR SPECIAL FEATURES

DACRON THREAD. Rot-proof—resists acids and abrasives of all kinds. Extra-durable—40 times stronger than cotton thread of the same thickness. On all Neoprene-soled shoes and many others, below.

1-PIECE BACK. Totally rip-proof. Holds shape through entire life of shoe, for more wear, comfort. On most shoes below.

COMFORT CURVE TOP. Fits ankle. Eliminates ankle bite. Permits firm lacing without pinching. On most 6-in. shoes.

INSTRUCTIONS FOR MEASURING YOUR CORRECT SHOE SIZE AND WIDTH

Wards guarantees you a proper fit. If you know your correct size and width, state them in your order. If unsure of correct size and width, follow these simple directions. You'll need a small piece of cardboard, a sheet of paper and a pencil.

Sit back in a straight chair with your foot placed firmly on the paper. Have someone mark off the following lines: 1–Place cardboard vertically against end of longest toe and draw a line along edge of card. 2–Place cardboard against heel and draw a similar line. 3–Place cardboard at widest point along inside of foot. Again draw a line. 4–Place cardboard at widest point along outside of foot and draw a final line. Send the completed diagram along with your order.
